If your hair is short or you just think of getting a short hair cut, you might want to look at Meg Ryan's hair style trends. She is the one who has great looks and genuine hair styles every time. If you do not observe Meg Ryan's appearance over the last years, you might think that her hair always looks the same. But that is not true. She used to wear ultra short hair as well as shoulder length bobs and even more. It is true that Meg prefers short hair, but that is obviously due to the wide range of different styles you could do with it. Actually, she used to have a long hair too. So this is a good example of a woman who loves to experiment with her hair to have a great look always.

Meg's past short hair styles might not suit to those of you who have a round face, a prominent nose, wide or long forehead. But other styles such as bobs and longer short styles will give you a great look. All the variations of Meg Ryan hair styles attract many women to them. She can be pictured on the red carpet with an absolutely glamorous look. And the next time the photo shows her out with friends where she looks completely different, but great again! Even the unexpected pictures taken by paparazzi shows that Meg Ryan's hair is wonderful.

This woman liked to play with her hair color too. We could remember her being ultra light, darker, and wearing highlights. Recently her hair is being short, but not ultra short as it used to be a while ago. Meg is into highlights again, though she is not ultra light any more.

Today overly styled and processed hair is not the hit of the season. So if you want to have Meg Ryan's look keep coloring your hair, making highlights, and styling soft. Soft and subtle hair styles along with careless ones are the business card of Meg Ryan, and all of them are popular this season again.

She used to try medium long hair styles some time ago. These styles are also in, and here subtle is good again! Used to be popular curls or extra straight hair is now going into past giving the way to natural looks. So if you would like to wear a Meg Ryan longer hair style, just make it natural. You may add a few highlights and layers to make your look more interesting. This way your hair will be even easier to take care of.

The wash and go look is highly popular today. And Meg Ryan is not the only one who wears this style. Take a look at other movie stars and you will notice that their hair styles are now more relaxed than they used to be.
